The Burpee-Quality in Seeds.

Advance Wholesale Prices for 1911.

For the Trade Only.

PHILADELPHIA, November 16, 1910.

You may get from other responsible growers seeds "*just as good*," but you cannot procure better nor can you get seeds *uniformly so good* for less money.

On our famous FORDHOOK FARMS in Pennsylvania and SUNNYBROOK FARM in New Jersey, we conduct the largest and most complete Trial Grounds. The number of field trials average about seven thousand, while more than fourteen thousand soil tests for vitality are also made every year.

BURPEE'S SEEDS are grown either on our own farms or produced for us, of extra selected strains, in such sections of America and Europe as have proved best suited to the finest development of the various Vegetables, Flowers, and Grains.

FIFTH STREET FRONTAGE OF
THE FIRST BURPEE BUILDING.

At Wholesale—as well as at retail—we are "**A Mail-Order House**" *exclusively*. We never send out travelers to solicit orders. As a consequence, however, we are careful to attend promptly to inquiries by *mail* or *telegram*. In large lots on many varieties, this season, we are prepared to quote **special prices** upon request.

It pays to order early. Should any varieties be quoted lower in our general Trade List to be issued, as usual, January 1st, we shall give advantage of such reductions on all booked orders. Some prices are likely to advance,—thus you have everything to gain by placing your order early.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas, on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

 Bills purchased **on special quotations**, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice. Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders (at printed prices) accompanied by a cash remittance, and also on all bills, except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice.

The Prices Quoted are those ruling at this date. We expect to adhere to these prices until the issue of our January catalog, except where important changes compel us to make advances or reductions, when we shall be governed by the market. **10 lbs. and more are supplied at the rates per 100 lbs.;** $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but *smaller quantities will be charged at a slightly higher rate.*

NO CHARGE for Packing or Cartage.—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases. **Insurance** will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

Telegraphic Cipher (or Cable Code)

FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example:

Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony, would mean, ship at once, cheapest route, ten pounds each **HELEN PIERCE** and **JANET SCOTT SWEET PEAS**, twenty-five pounds each **BURPEE'S ALLHEAD EARLY CABBAGE** and **BURPEE'S EARLIEST WAY-AHEAD LETTUCE** and ten bushels **BURPEE'S STRINGLESS GREEN-POD BEAN**.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Davit, Tokay Bacon Demur, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds **BURPEE'S SUREHEAD CABBAGE** at \$1.00 per pound, two hundred bushels **EXTRA EARLY RED VALENTINE BEANS** at \$4.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Angola Perturb Decanter Mocha Binate Diazo, meaning : Ship at once by freight, as per special quotations, five pounds **RUBY KING PEPPER** at \$2.00 per pound, sixteen bushels **FORDHOOK BUSH LIMA BEAN** at \$7.50 per bushel.

By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

Cabbage is more extensively grown in large areas for market than any other vegetable excepting the Potato. All growers recognize the importance of planting only the finest seed. We exercise the greatest care in growing and in selecting our Cabbage Seed. Not only are the plants grown from the best stock, but they are also inspected carefully before being put away for the winter.

Peas are Scarcer than has ever been known before,—scarcer even than a year ago! Many varieties of Garden Peas grown for seed were nearly complete failures again in America. From our intimate acquaintance and inspections of stocks grown in England (although the crops there were also distressingly short), we have succeeded in making up most of our normal requirements. The prices paid, in most cases, have been, however, double the usual cost of production, so that even with the higher prices quoted this season our margin of profit is less than half what is usually considered necessary and fair. Without a cent of profit (and we have *very few* cents on peas this year) we prefer to protect our regular customers in supplying their usual requirements. We are **not** in business merely to "make money." Our business is our pleasure and it is certainly very unpleasant to have to disappoint regular customers who rely upon us for their requirements in seeds.

Sweet Pea—Burpee's KING EDWARD SPENCER.

The standard measures from one and three-quarters to two inches across by one and one-quarter inches deep; the wings are one and three-eighths inches wide by one and a quarter inches long. The unusually large wings make the flowers appear truly *gigantic in size*. The standard is a deep rich carmine-scarlet of glossy effect. The wings are also carmine-scarlet and on the reverse side are of a deep rosy carmine.

Wholesale Price, \$2.50 per lb. (Cable word, SLUG.)

Our stock of WHITE SPENCER, which has been carefully re-selected, is superior to any stocks we have tested of *Etta Dyke*; PRIMROSE SPENCER, which has received the same attention, is better than most of the samples we have tried of *Clara Curtis*. For complete list of "SPENCER" SWEET PEAS,—see next page.

A Flower of BURPEE'S
"KING EDWARD" SPENCER.
Exactly Natural Size.

Superb Sweet Peas of the "Spencer Type."

We were the first to grow the original *Countess Spencer* (prior to its introduction) in America. By reason of its "sportive character" it has required years of labor to perfect the original "*Countess*,"—but this same tendency "to break" has resulted in giving us a number of colors of which our RE-SELECTED STOCKS now come true from seed and will delight every lover of Sweet Peas. While most profuse in flowering they are very shy seeders and the true "*Spencer*" type can never be produced cheaply. We still offer two strains of several "*Spencers*," but the lower priced seed,—such as is frequently sold,—will not satisfy critical planters who want the true stocks.
